Incident Response

Approve

End User

During the detection phase, the end user may report suspicious behaviors or issues and system/service disruptions.

Question

1. Did I receive a suspicious email?
2. How do I resolve the issue with my endpoint?
3. Why is a system or service not available or behaving abnormally?
4. Is my device possibly lost or stolen?
5. Why can't I access my data or account?

Action

Report a suspected incident or issue to the help desk.
Examples include: 1. Data is missing/altered. 2. Passwords aren't working. 3. Experiencing significant number of pop-up ads. 4. Computer keeps crashing. 5. Account/network cannot be accessed.
